SMOKING AND THE USE OF SMOKELESS TOBACCO PRODUCTS

Policy

The Board of Education recognizes the harmful health effects of smoking, smokeless tobacco products and vapor cigarettes. As an advocate for the health of students, staff and the broader community there is to be no smoking, use of smokeless tobacco products or vapor cigarettes in school district buildings, on school grounds or any school district property including in district vehicles.

Limitations and Constraints:

- Special circumstances may occur where smoking or use of smokeless tobacco products on school property or in the school building may be authorized by the principal or designate such as but not limited to Indigenous Pipe Ceremony, a ceremonial smudge at a Pow Wow, or a community celebration.
