
SMOKING AND VAPING

The Swan Valley School Division is a Smoke and Vape Free Division. All buildings, grounds and Division vehicles are considered Smoke and Vape Free.

The Division will allow a designated smoking and vaping area in the grounds around the Bus Garage and Maintenance Shop.

The Division encourages and supports school initiatives, practices and programs directed to 'antismoking', 'antivaping' and 'cessation' and will cooperate with agencies such as AFM who provide programming and information for schools. The Division will be compliant with all provincial legislation concerning smoking and vaping.
